

PowerPrep, Heavy Duty

Very effective heavy duty cleaner from BarrierTech™

PowerPrep is a powerful cleaning product. Dissolves and removes dirt, stains and grease from most surfaces and materials, indoors and outdoors.

PowerPrep is non-corrosive and does not damage most materials or surfaces.

PowerPrep is water-based and contains no solvents.

PowerPrep is very suitable for cleaning and removing organic material before the surface is disinfected with BarrierTech™ surface disinfection

FACTS

- Simple and very efficient.
- PowerPrep is very effective in removing all types of grease, soot, oil and other hard stains.
- Water-based and not considered harmful to the environment.
- PowerPrep Heavy Duty is very suitable for use as a rough cleaner. Especially good against skin and soap residues (shower walls, floors, etc.)
